Description

GK8, the follow up model of the GK7

The GK8 Mobility Scooter from SHOPRIDER sets another gold standard in portable mobility. Packed with features, the GK8 is a comfortable mobility scooter with quick colour change moldings. It's the first completely connector-less portable mobility scooter, with its heaviest component an industry leading 14,95 kg!

The GK8 includes solid tyres, a comfortable swivel seat with arm rests, and a basket without the need for an upgrade!
