Description

The SHOPRIDER 9D has been specifically added to our range to assist with the demand for a wide mobility scooter. The 9D has been designed to offer a real mobility alternative to those who need larger seating for more comfort.

As with all SHOPRIDER scooters this model comes packed with luxury features you expect including of Powerful 2.0hp Motor and Tiller with easy to use controls.

The reliability of this impressive scooter is further enhanced by the rear wheel drive and electromagnetic brake.
